SITUATION SUMMARY

Haigh Vegetation Fire, CA-MMU-010067, Mariposa County (Final)

Haigh Road at Highway 49 North, Coulterville, Mariposa County, State Responsibility Area (SRA) Fire
Per Cal OES FDO:

- 130 acres, 90% contained
- No structure threat
- 126 personnel committed

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.
- Westbound Phase 2 construction began June 6 and is scheduled to end June 25.
- Please see “Fix 50” slides for additional information, including alternate routes.

Significant Weather

- Red Flag Warning in effect until 2300 hours this evening for areas in El Dorado, Nevada, Placer Counties
- Red Flag Warning in effect until 2300 hours this evening for areas in Alpine, Madera, Mono Counties
- Red Flag Warning in effect until 2000 hours this evening for areas in Inyo and Tulare Counties

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Temperatures will remain cool today and into the weekend as an upper level trough lingers over the Pacific Northwest. Expect some night and morning coastal low clouds and fog as well. Dry weather will last into next week with a gradual warming trend inland as high pressure returns.

San Francisco Weather:

Dry weather conditions and near normal temperatures will persist through much of the forecast period. Overnight and early morning coastal clouds will be possible through the weekend and will likely spread inland into the valleys by early next week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

An upper low pressure system moving through the Pacific Northwest will bring continued near normal daytime high temperatures today. Weak high pressure and a more northwest flow will bring a slight warm up over the weekend. Another low moving into the Pacific Northwest early next week will keep temperatures level through mid-week but any precipitation is expected to remain north and east of the area. Warmer temperatures are expected towards the end of next week as weak high pressure rebuilds.

Hanford Weather:

A westerly wind aloft will allow for a continued slight cooling trend. This westerly wind is expected through the week achieving near normal temperatures for the weekend.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Overnight low clouds and fog will continue into at least early next week. A weak trough and onshore breezes will keep temperatures near normal through the period, with only minor fluctuations day to day.

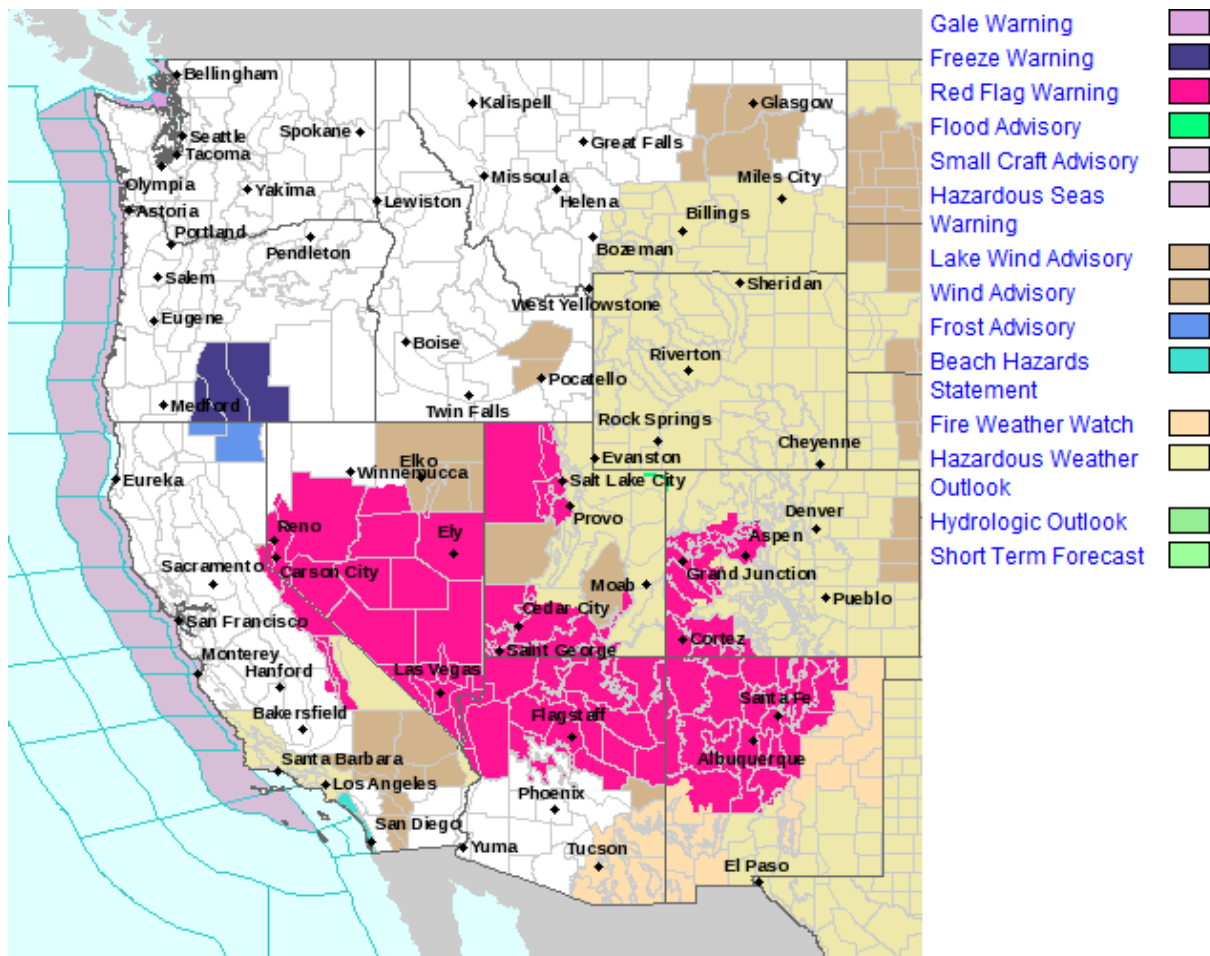

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Seasonal weather will continue through next week. Night and morning low clouds will continue in the coasts and valleys with only minor variations in the marine layer depth. Gusty west winds in the mountains and deserts in the afternoons and evenings, strongest this evening. High temperatures will be near to slightly below normal.

Southeast California Weather:

High pressure centered over northern Mexico will maintain near to above normal temperatures and overall dry conditions into the weekend before a gradual cooling trend takes place for next week. Dry and warm conditions with highs slightly below normal are expected for much of next week.

“Fix 50” Information

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction is scheduled on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

2014 Project Dates

Westbound Highway 50: May 27 – June 25

Phase 2 – June 6 to June 25

During Westbound, Phase 2, the following ramps will be closed:

- 16th Street Off-Ramp
 - Connector ramp from westbound Business 80 to westbound Highway 50
 - Only one lane will be open on the Connector ramp from northbound Highway 99 to westbound Highway 50.
-
- 2-3 through lanes will be open
 - Eastbound traffic will be fully open as normal with no impact.

“Fix 50” Information (Cont.)

Alternate Routes:

During work in the WESTBOUND direction (May 27 – June 25):

If traveling from Rancho Cordova/Folsom to Downtown Sacramento:

- Use US-50 West to Business-80 North to “N” or “H” Street off-ramps
- Do not stay on US-50 West after Business-80 interchange

If traveling from Elk Grove/Galt to Downtown Sacramento:

- Use I-5 North to “J” Street off ramp
- Do not take Freeway-99 North to US-50 Westbound

If traveling from Rancho Cordova/Folsom to Natomas/Davis:

- Use US-50 West to Business-80 North to Watt Ave North, to I-80 West.
- Do not use US-50 West to Davis or US-50 West to I-5 North to Natomas.

If traveling on Business 80 West during Phase 2 (Closed connector ramp from Business-80 West to US-50 West):

- Get on US 50-E and use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West
- For WB Business 80 to downtown, use Highway 160

***Motorists traveling to the Lake Tahoe area can avoid the project area congestion by taking I-80 E

“Fix 50” Information (Cont.)

Fix50 Project Update: Friday, June 13

It was a productive day on the last phase of the Fix50 project. Here are some updates:

Progress over the last 24 hours:

- Completed first barrier rail pour
- Mainline pour complete

Over the next 24 hours:

- Continue constructing barrier rail

Upcoming work over the weekend:

- Finish constructing barrier rail
- Begin third barrier pour
- 72 hour cure
- Strip last barrier footings
- Prepare deck for grinding and grooving

Traffic:

- Traffic delays through the construction zone continue to average 20-25 minutes during peak commute hours and 10-15 minutes during non peak commute hours.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

On April 25, 2014 Governor Brown released an Executive Order on Friday enabling several urgent actions to be taken as the drought persists into the state's traditional dry season.

** As this rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly over the coming months. This winter's below average rain and snowfall worsens conditions in this third straight dry year.**

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The final manual snowpack survey of the season was conducted on Thursday (May 1) and showed California snowpack at 18% of normal. A more recent update using automated devices shows snowpack at 0% of normal as of June 3.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

U.S. Drought Monitor

California

June 10, 2014
(Released Thursday June 12, 2014)
Valid 8 a.m. EDT

Drought Condition (Percent Area):

Week	Date	Nothing	D0-D4	D1-D4	D2-D4	D3-D4	D4

CAL OES MISSIONS

New Cal OES Missions

- **2014-LAW-3802** The International Emergency Response Coordination Center (IERCC) reported a SPOT activation in Tuolumne County near Yosemite Park, 6 miles south of the Tuolumne Meadows Visitor Center, on the Pacific Crest Trail. On 06/13/14 at 0840 hours, Cal OES Law Duty Officer was advised by Yosemite National Park Dispatch that rescuers are onsite with the registered owner and are prepping her for transport.

Ongoing Cal OES Missions

- **2014-LAW-3791 Update:** On 6/12/14 at 1339 hours, As a result of locating several clues during search operations Thursday, El Dorado County Sheriff's Department (ECSD) is requesting additional resources for the operational period on Friday, 06/13/14, beginning at 0800 hours. The request includes 22-32 Type II ground searchers, several overhead, and 2 area K-9 teams.
Situation: ECSD is requesting resources to locate a hiker who has been missing in the Pollock Pines area since Friday, 06/06/14. Cal OES Law Enforcement Branch is coordinating resources.

Closed Cal OES Missions

- **2014-LAW-3793,** The Air Force Rescue Coordination Center advised of an ELT sounding at Chandler Airport in Fresno, Fresno County. Civil Air Patrol responded. The Cal OES Law Duty Officer monitored resources. On 06/11/14, the ELT was located non-distress and silenced.

CAL OES DEPLOYMENTS

Cal OES Deployments

- MIGU 3 has been deployed in support of law enforcement interests in Tehama County.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
